

WPGA Senior Stroke Play Champions

Prior to 1985 the Wisconsin PGA ran several different versions / formats of competitions to recognize their top senior playing professional. For several years a senior division competition was run simultaneous to the Section Championship. However the records of those events are inconclusive. In 1985 the Wisconsin PGA made a decision to create a stand alone two day championship for the top seniors in the Wisconsin Section. Presently it also doubles as qualifying for the Senior PGA Professional Championship.
