What are you most looking forward to in 2022? This pandemic has been a boon of success for the entire golf industry. The light at the end of the tunnel still appears to be in the distance, but positive signs continue to pop up every day. I love a good mystery novel, so I am looking forward to seeing how this story evolves.

Comments or Thoughts – What does this award mean to you? "Many of the names on the WPGA Golf Professional of the Year award have been my mentors and friends. To be bestowed the award from this organization is an honor. I am proud to be included on the list alongside these great golf professionals."
