# 17U - WISCONSIN

---

Program Details for 2022 Season

**Who:** The Wisconsin PGA will have two 17u divisions. The teams are listed on the next page. The deadline for players to sign up is 6/1/2022.

**What:** An official 17u team consists of 6 players. The format is an aggregate stroke play format, where all 6 players represent a team and contribute to a team score. The 6 players are broken up into groups of two, where a score is recorded on each hole in a scramble format. Once 9 holes are completed, that twosome has a 9 hole score that contributes to overall team score. For the 6 player team, the worst score gets thrown out. (EX: 36 +40+41 = team score of 76). Facilities are allowed to bring a MAXIMUM of (2) teams or 12 players. You can certainly have more than 12 players on your team for practices, but only up to 12 will travel to each invite.

At each invitational (five total), the team totals will be tracked. For the Section Championship qualifier, the teams will be paired according to their running season total and compete for the top two spots advancing on to the Final Four.

**When:** The 17u season takes place in June and July. The Final Four Section Championship is on 8/19/2022.

**Where:** Each division will schedule 5 invitationals to determine the two teams advancing to the Final Four Section Championship at Blackhawk CC on 8/19/2022.

**How:** Each week you will need to fill out your Roster no later than one week prior to the event so we can assign things like jersey colors and tee times. This also gives the host facility time to adjust their tee sheet.

Madison East -

Madison West - [CLICK HERE](#) for the google sheet and invite info.

The WPGA staff will have a small role in administering the league play.

Administrative duties like pairings, jersey assignments, starting times, and scorekeeping will potentially be handled by the WPGA. Results will be posted in the Player Development corner on our Section website.
