Comments or Thoughts – What does this award mean to you? "It is extremely humbling to win this award in a section with so many deserving golf professionals. This award is a team award and it is the result of their fantastic work in the golf shop. The membership at Minocqua Country Club has helped me tremendously during my time in the northwoods and I am thankful for their support. Many thanks to all the friends and professionals that have been along for the ride. I have the greatest family and I appreciate all their encouragement!"
