Objections

- “You are stealing my business”

Actually, Club Champion is helping your business by providing more “tools” for your “toolbox” and a tremendous service for your members/clients.

- “We do club fitting at our facility”

That’s great! It shows that you care about your members/clients’ games. Club Champion is another solution for you and your members/clients by offering even more fitting options.

- “I am on *OEM* Staff and signed a contract with them”

Not a problem. Club Champion works with all OEMs. Many Staff Members come in to get fit & dialed in for their OEM Staff equipment.

- “I have no problem sending people to get fit, but want to order through my shop account”

This can be arranged.

- “I am not able to receive a commission”

Not a problem. Instead of receiving commission, Club Champion can pass the savings on to your members/clients through offering them a special fitting rate & discount on their custom fit/custom built equipment.
